To Whom it May Concern:

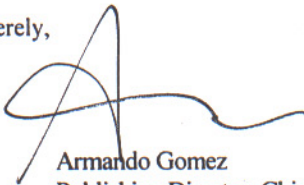

I have been Ena's Chief Editor at AskMen.com for almost 1 year. It is my pleasure to work with Ena as she consistently meets and often exceeds her job requirements.

Ena is an enthusiastic, dedicated employee with reliable work habits. She often does not need guidance or supervision, but willingly accepts it when offered. She is consistently successful in improving her skills, and works hard to do so.

Ena is always willing to pitch in to help the team, and she gets the job done right the first time. She is efficient in providing entertainment and guidance with her weekly horoscopes on AskMen.com and conscientiously adheres to company standards and guidelines.

I recommend her as a valuable addition to any company. If you'd like more information, I'd be happy to provide it. Please call the phone number above and ask for me by name.

Sincerely,

Armando Gomez
